

Introduction

This book provides material to help anyone understand sealed and unknown prophecies about a period of time called “the end of the age.” Although I started writing about the mystery of the 1,335 days of Daniel’s vision, I found myself in a fascinating place, as many mysteries were solved before my eyes. Research into these mysteries suggested the discovery of the most important events yet in the history of the human race!

These events answer the great questions:

Why were you born?

What is your ultimate destiny?

Who are you?

This book will take you into territory you never expected to visit.

I believe that you, like many, sense something huge will happen in the near future. In the face of daily bad news, it often seems that the world is getting ready for a great change. At least, it should get ready.

“What I say to you, I say to everyone: ‘Watch!’” Mark 13:32

The recent discovery of long lost scriptures and the solving of old and hidden mysteries shows this to be a time of great opportunities.

1. New revelations and knowledge, not available before, are now there for those who search for them. You will find deep peace and lasting hope by knowing the truth about your future!

2. I am not proposing a new religion. Nor do I attempt to proselytize or induce you to join anything. But should you understand what this book contains, you will rediscover Life.

3. This book reveals passages of the Scriptures where the understanding remained hidden until this time. Now, at last, you can experience and understand the real story of the Scriptures and of your great future.

4. What if you “can’t” believe what you will be reading? You have a choice:

continue reading and see if it makes sense at the finish, OR don't read it, in which case you will not know, until the fulfillment comes and then you will understand. These prophecies do not depend upon whether or not you believe or even know about them. But if you understand this message now, then according to the prophecy, you are among "the wise and the knowledgeable," a good place to be.

HOW TO USE THIS BOOK

One of these mysteries focuses on events that happen at the end of a stipulated time of 1,335 consecutive days. To understand this mystery, you need to know when to start counting the days and what to expect to find at the end.

Our time was determined long ago to be *the time* to finally know the true meaning not only of the 1335 days but also the prophecies that accompany it. With that knowledge you can begin now to prepare yourself for your great future.

To understand this mystery you need some information:

First, you need a calendar. Not just any calendar will do. You cannot take one off your wall and expect it to contain any clues relating to this mystery. Our common calendars do not have a clue about anything of any importance to your future or mine. These awkwardly counts days, seasons (somewhat), and shows us when our "important" days come, like Thanksgiving, Tax days, Christmas and Easter, and when our new year begins and so on. And God forbid that we should miss a holiday with a three-day weekend!

Second, you need to know about special days that tell about your future. You will see how the Law places these days on the special calendar. We cannot use our current calendars because they make nonsense out of these special days and it is foolish to try to place them there. But these days do make sense when combined with the right calendar. Then we recognize that any other calendar is man-made.

Third, you need to understand the revealed outline of the history of the human race. There is a prophetic vision that will help you understand the special time in which you now live. If we do not live in the time of the unsealing of this message, then I am guilty of wasting your time trying to solve this mystery, because at only one time in the history of humanity can we find the solution. Then, afterward, the knowledge will remain forever.

Fourth, given these historic times, we must focus on our current age.

We will discover:

Its importance in history

What it means to live in this age

The good and bad about it

Fifth, you will need to know about world-wide events and conditions that will exist at the end of our age. If you understand the special calendar with special days fixed in their proper places, then you can know when the counting starts and what great events happen at the end of the 1,335 days.

Sixth, you will see that you can successfully identify the start and end of the 1,335 days. Then you can begin to understand its importance not only for you but also for the rest of the world. And nothing could be more worthwhile and rewarding!

Seventh, you will find out what makes the 1,335 days special for you. It is the day the world waits for – even though it has no idea this day even exists. You will learn why this day was singled out and made a mystery to be solved NOW. And, most importantly, you will find out why this is important for you!

You have a choice, to understand and participate, or to wait and watch it happen and realize then what you missed. If you wait you may regret it. But in spite of that, you will still be able to rejoice and look forward to the future with great hope! You may not find this new material anywhere else. It is highly controversial, because many people invested in established traditions upon which they based their religion. This is an authoritative answer to prophecies hidden for millennia to be revealed at this time and only this time.

So, as you read, relax and let the words speak to you.

You also need to free yourself from “sacred cows” and clean your mind from biased thinking. We all have things we think are important to us, but in reality some things imprison our minds. These came from our parents, teachers, political leaders, traditions, friends, enemies, advertisements, religious teachers including some who claimed to be apostles, motion pictures, books, music, media, news reporting, and from our own head. Some of these “dear” things came with threats of peril to life and limb, “God will get you, if ...” Others came with sweetness, pleasantness, and deception. Even our own ideas can often be our worst enemies: “Wow! I just had a great idea” can often lead to trouble.

But remember, if deep down inside you really want to know the truth, then “you will know the truth and the truth will set you free.”

That is a promise! And so we begin ...

People, from Hebrew אֱלֵכִים “whom God resurrects” Proverbs 30:31. “A *King* in the company of His *People*.” (A prophetic passage long considered unintelligible.)

Says the Lord of Spirits: “And in those days shall the earth also give back that which has been entrusted to it, and Sheol (the grave) also shall give back that which it has received, and hell (also the grave) shall give back that which it owes.

“For in those days the Chosen One shall arise, and shall choose the righteous and holy from among them, for the day draws nigh that they should be saved.

“And the Chosen One shall in those days sit on My throne, and his mouth shall pour forth all the secrets of wisdom and counsel.” Enoch 51:1-3

“And יהוה [Eyahuwah (Lit. - He exists!)] shall be King over all the earth.” Zechariah 14:9

The Blessing of Enoch

The words of the blessing of Enoch, wherewith he blessed the elect and righteous, *who will be living in the day of tribulation*, when all the wicked and godless are to be removed.

And he took up his parable and said, “Enoch, a righteous man, whose eyes were opened by God, saw the vision of the Holy One in the heavens, which the angels showed me, and from them I heard everything, and from them I understood as I saw, *but not for this generation, but for a remote one which is to come.*”

“The Holy One will come forth from His dwelling, and *the Eternal God will tread upon the earth.*”

1 Enoch 1:1-4

Use of Proper Names

Where possible, in this book, I will refrain from using the words Jew, Jews or Jewish, *unless they apply to the material, traditions, and practices that came from post-exilic apostasy.*

When referring to the Nation and the People of Judah, I will, out of respect, use *Eyahudah* and *Eyahudim* (plural). These names more correctly show the close association between the People of Eyahudah and the Savior: Eyahuwah (יהוה). The Hebrew name of Jacob's fourth son means: "Let Eyahuwah (יהוה) be praised."

In the same way I will use *Eyahushuah*, to refer to the one we call "Jesus". The name means "*He who exists is our Savior.*"

Eyahuwah (יהוה) or "He who exists" or sometimes when referring to Himself, "The Living One" is the One who created Adam and Eve, made the covenants with the Fathers from Adam through Abraham, Isaac, and Jacob, with the nations that descended from them, and with King David. Eyahuwah also spoke to the Nation and the people of Israel in the Spirit through the Prophets. He was dead, but now lives for ever and ever. (From Revelation 1)
